

CVLSC Coronavirus Catering Members Guidance

Catering to Restart at Chew

Guidance for CVLSC members regarding reopening of catering facilities on Wednesday evenings.

We are delighted to announce that from the evening of 08-Jul-20 a meal will be served at the clubhouse from 7.30pm on Wednesdays. These are the special arrangements because of the Coronavirus.

- Members will be required to indicate that they would like a meal when booking for this sailing session.
- The meals will be offered on a 'take outside only' basis. Those in household or social bubble groups may use the outdoor tables but all other members will need to make their own arrangements for seating/eating such as bringing camping chairs/ tables etc. A strict policy of 2M distancing will be enforced.
- Members may queue for their meals at the double door (lakeside) from 7.30pm, enter when they are next in line to receive food and exit immediately via the single door (lakeside). These doors will be left open to eliminate touching. There will be no access from the clubroom to the toilets.
- Payment will be by contactless card only. No cash and no credit.
- Meals will be provided, where possible, using compostable materials which may be disposed of in the normal club waste.
- Increases in prices may apply to counteract extra costs.
